

C-UAM/DC35-3

Fiber Optic Power Cable

Kramer's C-UAM/DC35-3 has a USB-A connector at one end and a 5V DC jack at the other. It is used for powering Kramer's DVI/HDMI fiber cables

FEATURES

Quality Construction - Durable and flexible, with a ferrite core to eliminate EMI (electromagnetic interface)

Application - The C-UAM/DC35-3 replaces the 5V AC/DC adapter that powers the C-AFDM/AFDM, C-AFDM/AFDM, C-4FDM/4FDM, C-FOHM/FOHM cables and the 610T, 610R units

Note - This adapter is not intended to fit typical Kramer Tools

Length - Available in length of 3ft (0.9m)
